

# ENHANCE YOUR PROFILE ON LinkedIn

## Images

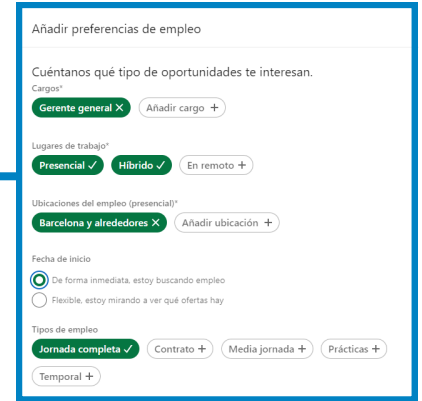

Make sure the image you use represents who you are and avoid using logos as your picture or leaving it blank. Choose a cover photo that aligns with your professional headline.

## Headline

Use keywords that define you and highlight the value you can offer so that your audience understands why they should connect with you.

## New job opportunities

It is advisable to mention this on your profile and allow the LinkedIn algorithm to show you job offers that align with your interests. This way, recruitment firms can easily find you, increasing your chances of being contacted.

## About
